Mexico City

Instructions Letter

This Instructions Letter has the services that MILLENIUM CARGO provides to the exhibitor for the International Transportation of the merchandise destined to the Exhibition, including customs clearance and handling at the show site. Also we provide all the necessary information to the exhibitor about deadlines, documentation, general services and Mexican Customs Regulations.

Our Services

- International Transportation of your shipment.
- All the customs procedures for temporary and permanent Importations.
- Local transportation for airport/port to an advanced receiving warehouse and to show site.
- Loading and unloading the shipments at show site.
- Delivery of your shipment to your booth.
- Warehousing of empty boxes.
- Exportation of your shipment at the end of the show.
- Bonded warehouse
- LCL shipments into Mexico City

Deadlines

The shipments must arrive to our consolidation points before the following deadlines:

- | | |
|---|---------------|
| ⌚ Sea Shipments: | June 24, 2011 |
| ⌚ Air Shipments to the Mexico
City International Airport | June 27, 2011 |
| ⌚ Truck Shipments to Laredo Tx. | June 24, 2011 |

Notes

- All the shipments arriving after our deadlines will apply an extra charge.
- All the shipments must be insured by the exhibitor.

Marks & Numbers

All the cases must be labeled in one side with the following information:

- ☐ Exhibition Name
- ☐ Exhibitor Name.
- ☐ Booth Number/Pavillion.
- ☐ Dimensions.
- ☐ Case Number (Ex.: 1/5).
- ☐ Waybill Number
- ☐ Net and Gross Weight in kgs.

Notes

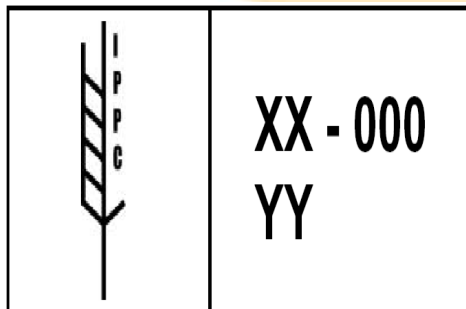

- Please pack your merchandise in suitable boxes for the International Transportation. A safety packing allow the delivery in good condition to the booth.
- If you send your shipment with padlocks send the combination numbers or keys for the customs revision, in case that we can't open the boxes, the customs authorities will destroy the padlocks and the merchandise could have some damages.
- If your shipment require some special handling please labeled with the instructions (fragile, do not stack etc.)
- The wood packages must be declared in the transportation documents (BL or Airwaybill). If this is not done the customs clearance could be stopped by the health authorities.
- If you send wood packages remember that this must be sent with the Fumigation Certification and the Wood stamped by the health authorities.

Packaging

For all the merchandise send to Mexico as per rule this needs to have the revision at Mexico Customs area, we suggest to ship your merchandise in PLASTIC CONTAINERS, BANDED OR PLASTIC PALLETS.

In case that you have crates or wooden pallets the wood must be fumigated with Methyl Bromide (MB) or a heat specific treatment (HT).

If this is the case that you have crates or wooden pallets, you need to send the fumigation certificate and these must be stamped as:

Its:

XX- 000: Country code and register number

YY-: Type of treatment (MB or HT)

Requirements for any type of food:

The import for some food goods in Mexico, no matter the presentation, has to fulfill certain government requirements and authorizations. Depending on the products the paper work can take up to one month, that is why to avoid any problem we require at least 45 days in advance copy of the following documents:

- Commercial Invoice
- Type of Presentation
- Quantity
- Unit Commercial Value
- Technical Letter (Ingredients of the Product)

Once this documents are presented to the corresponding authorities and this is authorized or declined the importation, dispatching a letter with requested documents that will have to present at the moment of the custom procedure of the merchandise.
